
How to add voice message in status? WhatsApp very big update.

Description

WhatsApp has recently rolled out a new update for all users that allows users to add voice messages to their status updates. This is a great way to share your thoughts and feelings with your contacts in a more personal way. To add a voice message to your status, follow these steps:

1. Open WhatsApp and go to the Status tab.
2. Tap the “+” icon (new text status) in the bottom-left corner of the screen.
3. Tap and hold the microphone button to start recording your voice message. (you will get the voice message button at the same place where you get it in any chat)
4. Release the microphone button when you're finished recording.
5. Tap “Send” to share your voice message with your contacts.

Your voice message will be added to your status for 24 hours. After 24 hours, it will be deleted automatically.

Here are a few tips for using voice messages in your WhatsApp status:

- Keep your voice messages short and sweet. People are more likely to listen to a short voice message than a long one.
- Speak clearly and slowly so that your contacts can understand you.
- Use your voice to add personality to your status updates. Let your contacts get to know the real you through your voice.
- Have fun with it! Voice messages are a great way to share your thoughts and feelings with your contacts in a more personal way. So relax, have fun, and let your voice do the talking.

Here are some examples of how you can use voice messages in your WhatsApp status:

- Share a quick update about your day.
- Read a poem or passage from a book.
- Give a shout-out to a friend or family member.
- Share your thoughts on a current event.
- Just say hello and let your contacts know you're thinking of them.
